

The Unit - God's Unit

The Lord spoke to us concerning elements. This writing is about elements. Simply, they are a part of something bigger and very important to the whole. Remember the military units spread out across the land in the *I saw the Lord of the Book of Revelation*

article?

On **February 22, 2008**, I saw this scene in the night:

I was looking at a unit. This unit was layered, metal - glass - metal - glass - metal. With the glass one could see inside. I was looking at it and I was told, "All you are (meaning this group) is in there." The unit was packed or compressed full of our clothes; all kinds and I remember seeing red clothes. All we are was represented as clothing, no flesh was in the unit. The unit had atmospheric gauges on the outside, revealing the atmosphere inside. Those gauges were in the middle metal part of the unit.

We did not understand what it all meant when the scene was given, but through time we have come to understand much. The glass is transparent gold, which has to do with pure gold, refined gold. The atmosphere, as we learned later, is silence and must be maintained every moment, the reason for the gauges. The gauges in the red section have to do with covenant, maintaining silence, etc., the Lord's way. Clothing represents our acts and the picture reveals that what the Lord wants is our acts, no flesh of any kind. We must not forget the military green so we know there is military action, a war to be won by the Lord. The importance of all of this can be seen in the following testimonies.

First Witness

This witness will give more insight into the actions of the *Married Bride*, those who have been refined into pure gold on the right of the picture. The Lord said, "Yes. The bride is working towards obedience/perfection through affection and adoration;...." This is the only way to move from gold to pure gold and it takes time, adoration of the Lord, understanding, and practice.

Here is a word of the Lord that He is illuminating. I have underlined two statements in particular.

4-1-09

Grapeland TX, Begin with silence before the LORD; don't be presumptuous, don't cause a commotion. (This has to do with meetings.) Reverence through silence. I will speak to you what needs to be spoken, when it needs to be said. This is for all. I AM supreme. I AM in charge. It is MY meeting. Superstitious = your interpretations. Seek ME. It is the plain spoken truth. Reverence in MY sanctuary. Where is MY sanctuary? Where you meet with ME. You shall keep MY Sabbaths and reverence MY Sanctuary, I AM THE LORD, Leviticus 19:30. Holy, Holy, Holy, I AM THE LORD ALMIGHTY....

From our meeting records on **9-23-09**

...The watchman saw we were to "kneel." Then the Lord revealed why we were kneeling, "for all mankind." HE said, "I accept." Seen next, "will" & "power" Saw, "together (a) force." Saw, "succeed." Saw, "justice." Saw, "complete exposure." Thanked HIM for calling us to wed. Saw, "Mercy, grace." Saw a hand just swooping down & up, "One fell swoop." What do YOU mean? "I have MY Bride." "Moses" What about Moses? "Promised (land)"

We were well into a meeting when the section above happened. Because of past experiences some of these words caught my attention, but I knew I could not think on them during the meeting. We needed to keep following the Lord step by step.

After the meeting these words began to intrigue me more and more. “I accept,” reminded me of when the Lord said He would account the first Marriage Feast in 2005 as the first one. Why did the Lord bring up “Moses”? I knew there had to be more information given for understanding.

The next morning, **September 24, 2009**, the Lord gave me two scenes. I share the first one here and I will share the second one later:

*There were some people standing close together in a cluster, in the middle of a room. Outside the cluster were some brown paper bags sitting on the floor. I began moving things that had hindered “the purpose” away from “the purpose,” which was in the center of the cluster. I moved the paper bags away and began to move people away, one by one, until there were only two or three people standing in the middle. I think three. They were standing in the purpose, like being in an aura. **They were the only ones that had not hindered the purpose.***

Coming out of the scenes I suddenly knew why the Lord had brought up “Moses.” I was sure I was right about why the Lord had said, “I accept.” The next day I looked up the following scripture so I’d have it.

Exodus 17: 11

And it came to pass, when Moses held up his hand, that Israel prevailed: and when he let down his hand, Amalek prevailed.

To complete the picture a little more, we always meet after a Golden Meeting and go over things. People report things they saw and heard. We learn a lot this way. Anyway, there was a lady who was talking about how she had prayed as we knelt. I knew it wasn’t correct according to what the Lord was teaching us, but I didn’t say anything at that time. I also felt that I had not done it correctly. The two scenes the night after the meeting brought to light that only three people had not hindered God’s purpose of having us kneel as a group. I decided to have a questionnaire at our next ministry meeting. There were some things I wanted to see people’s answers to anyway, so I could tell if we were on the same page, so-to-speak. I also asked them if they prayed when they knelt during the last meeting.

Their answers verified what the dream revealed, There were only three people who had not *hindered “the purpose”* by praying, or had done something else. The instruction of the Lord was for the corporate body to “kneel.” Then the Lord revealed why, “for all mankind.” Remember the Lord’s words on **4-1-09**, don’t be presumptuous, and Superstitious = your interpretations. You see, all of us who prayed or did something else along with kneeling had hindered the Lord’s purpose. Those who prayed had interpreted the “kneeling - for all mankind” to mean they were to pray. This was presumptuous, of them to think they could interpret, which is something the Lord said not to do. The section of the meeting again:

From our meeting records on **9-23-09**

...The watchman saw we were to “kneel.” Then the Lord revealed why we were kneeling, “for all mankind.” HE said, “I accept.” Seen next, “will” & “power” Saw, “together (a) force.” Saw, “succeed.” Saw, “justice.” Saw, “complete exposure.” Thanked HIM for calling us to wed. Saw, “Mercy, grace.” Saw a hand just swooping down & up, “One fell swoop.” What do YOU mean? “I have MY Bride.” “Moses” What about Moses? “Promised (land)”

I share the following thoughts while referring to the Words given by the Lord above:

Now we can see that the Lord is still working on us to be “one” in action and **will** and that operating in silence and acting **together** will produce a **force**. When we are in Him and obedient, He will move as He did with Moses. Moses was simply holding up his hands; he wasn’t doing anything else. He did it (having to have help) until sundown, which reminds me of when the Lord asked me if I could be silent for three hours if it was important. It was important for Moses to hold up his hands until sundown Heaven was moved! **Success** had to do with the act of Moses holding up his hands, just like **kneeling** had to do with **success** in what the Lord was wanting to do with **all mankind**. Through the dreams and using other Flow Chart information God did **expose** a problem. He wants all of us to understand because it makes all the difference whether we **succeed** or not. That Sunday I taught by explaining all

of this, and this group has been changed by the Lord having put us through this. I think it has to do with "One fell swoop," "I have MY Bride."

If you (or a corporate body) are in a Golden Meeting and the Lord tells you to do an act, do the act without **presumptions** or **interpretations**. The Lord doesn't need our help, just our obedience.

Now we have a more illuminated picture of why the Lord was showing us a military unit with nothing but clothing in it. Clothes represent acts and all the Lord wanted from us was our act of **kneeling**, nothing more. The battle is the Lord's, but the ways of the Lord are not carnal. The Lord will move in a mighty way just as He did when Moses held up his hands if we will obey Him in what He leads us to do. Just don't forget the agenda is His and His alone!

Second Witness

Another reason I wanted to hand out the questionnaire mentioned in the last witness was to find out for sure whether I was one of the people who hindered the Lord's purpose. I thought I was one who hindered and knew if I could find out for sure it would shed some light on another element we need to understand.

The questionnaire did reveal that I was one of the people who hindered the Lord's purpose. What I had done after kneeling for a while was to say to the Lord, through my mind, "Lord, it just doesn't seem right not to pray," although I knew not to. I didn't pray "for all mankind," but I had let "self" cause me to speak to the Lord. Immediately after it happened I realized what I had done. Yes, I was one of those who had hindered "the Purpose."

We have or are still learning to listen and respond, listen and respond, whether it is an act, a verbal reply or correctly not responding. We are not to be praying or talking to the Lord with our minds when we are in Him. That breaks the silence needed to remain in Him and it is "self." The Lord has a job to do and we are to do our part. It goes back to what He said:

4-1-09

Grapeland TX, ... Reverence through silence. I will speak to you what needs to be spoken, when it needs to be said. This is for all. I AM supreme. I AM in charge. It is MY meeting....

It takes a humble person to walk completely in the above. Some have said, "But you can't have a blank mind." No, you shouldn't and you should not be trying to. If you are listening you don't have a blank mind! Listening and responding is fairly easy when done correctly without "self." When the Lord told us to kneel, we did, and all we had to do was to wait and listen. The Lord was quick to tell us why we were kneeling. We didn't need to ask. (In this type of situation we must realize that the Lord is in charge and He will give everything necessary. This is the confidence we must have in Him.) After the Lord told us why we were kneeling we were to be listening for the next instruction, which in this case was to get back up. This was revealed by His next word to us.

Simply stated: Once the Lord starts to lead this way it gets easier because all we are doing is listening and responding, without having to understand or to know something. If we need to know something the Lord will supply it, either in the meeting or after. If we are trying to figure everything out as we go we are **being presumptuous** in thinking we could and **causing a commotion** in the spirit realm by creating thoughts. The Lord said:

4-1-09

Grapeland TX, Begin with silence before the LORD; don't be presumptuous, don't cause a commotion....

A brother who was at *The first Marriage Feast* told me the Lord was showing him thoughts "scream," (in the spirit realm). I have had trouble discerning what it is about our thoughts and minds that the Lord wants, the do's and don'ts. I have realized some things about thoughts and I'm sure they will help you.

The Lord told one lady who was having trouble to listen with her mind. Listening is not a thought. I tell people they have to be aware all the time of the corporate body and everything it is doing in a Golden Meeting. The group can then become the Lord's Bride, one person, fitly joined together. Remember, when one person misses it, there is no fusion, no victory. In the scene to the right, one person missed the command (for whatever reason) and there was no fusion into the Lord!

Constant awareness of what the group is doing is not a thought, but observation. A thought is something generated by your mind and I believe that is a big clue. If a person is being aware of what the corporate body is doing and suddenly thinks, "That person should not have done that," they have produced a thought, have gotten into self, and taken their eyes off Jesus' purpose. If you are focused on Jesus' purpose, listening and responding correctly, then you most likely won't fall into the "self" trap.

Third Witness

I share another witness of being presumptuous, revealing how it can affect others and therefore the Lord's agenda and purpose. I was in the room where we gather. You need a room to gather in because God is a God of order and you are to enter into the Lord as one unit, one person. People can't just straggle into Him; you go in as one person, the Bride. So if we gather and let the Holy Spirit deal with different things among us, taking time to establish silence, then the group can enter the meeting room "in Him." The Lord also told us we must have a cut off point when the meeting "in Him" ends. We have found that leaving the meeting room, going back into the gathering room works well.

Anyway, some had arrived earlier and some had just come into the gathering room. I realized I needed to get focused on the Lord and as I began to I realized I had parts of a song going through me, loud and clear. The message was, "We are coming through!" It was to the tune of, "Jesus and His children are coming through." I should have started singing, "Jesus and His children, we are coming through," (changing the words). I didn't, but presumed it was too early for that and figured I'd watch for the place it fit into the meeting and do it then. That time never came in either room. I figured it was a general message to us that we were coming through and the Lord was encouraging us.

As I have said, we go over things after the meeting "in Him" is over. We have learned so much this way and I would recommend it if you are working to learn all this in/as a group. After it seemed everyone was done sharing I mentioned I had a song at the very beginning, one might say before the beginning. I explained the message of "We are coming through," revealing the song phrase Jesus and His children, we are coming through, as well as some of the next part I had heard concerning the angels and glory. I mentioned that it never fit into the meeting as far as I could discern.

One of the ladies then began telling me I should have sang it right at the first in the outer room. She had missed a couple of meetings because of a death in her family and things at work were very trying for her. She needed a boost to get back into what was going on here and she knew it when she arrived. She told me the song, with the words changed, would have ministered to her by giving her that boost she needed. It would have been great to have had that right at the first. I realized the Lord knew all of this about her and I had let Him down. He would have received the credit had I delivered the song with the words He gave, when it was given. The lady didn't receive the ministry from the Lord because of my presumption. It goes back to listening and responding correctly as we have been taught. It goes back to the principle of what the Lord said: I will speak to you what needs to be spoken, when it needs to be said.

Now I should mention that sometimes the Lord will give something and tell us to wait. I am sharing these mistakes, revealing elements, in the hope we can learn from them so the Lord's ministry can happen without interference during the meeting. It is His ministry in the earth, not our ministry or the church's ministry. The *Body of Christ* needs to learn to let Him minister in a way we never knew of before.

We have come to realize that when meeting "in Him" the Lord will tell us everything He wants done. It can be anything, even what we might term small things! Those small things can become a key to huge things. He has told us to rejoice, then suddenly told us to calm down. He wants instant obedience! He's told us to dance, to step forward, to breathe Him in, to kneel, to march, to stand certain ways, to

get in tight, to circle up; the list goes on and on. The point is, we are to do what He wants as His body, with Him as the Head. He told me one time that He just wanted to love on us. I knew He would do it when we were in a tight circle, doing it as a corporate body being one person, His Bride. One time He told us He wanted to fellowship; it seemed strange at the time. We need to just obey, letting Him do as He pleases. (A tight circle is closer than standing shoulder to shoulder.)

Fourth Witness

I will share another time I got into “self” concerning something the Lord was dealing with us about and didn’t realize it. It was brought up that we hadn’t learned to respond to the Lord correctly. I decided I was really going to watch and try to learn all I could about responding correctly. At the next meeting I remember thinking about it before going into the Lord, wanting to learn and not miss anything. To my surprise the Lord dealt with me in the night after the meeting. Suddenly I knew I had taken “my agenda” into the meeting, not realizing it. My agenda was to learn how to respond correctly, my focus was there part of the time, not on what the Lord’ was doing. I thought I had good intentions to learn an important element; I had erred. It was a *Kingdom Meeting* in Him, the Lord was in charge and had the agenda, but there I was with my agenda.

Fifth Witness

This was not in a *Kingdom Meeting*, but in our regular ministry meeting. We had stood to pray and one of the people motioned us to gather in tight like we do when we are as close to being one in the physical as we can be. We have learned a way of doing it that is closer than shoulder to shoulder. We had a silent time with the Lord and later the individual who had motioned to get us together gave his testimony of what happened.

He said it was like the Lord took his arms and motioned for us to get tight. Once together he reported he was having thoughts, but they were being blotted out. It was really strange. They were being erased so he went to thinking or speaking from his mind, “Lord, you are Holy.” He thought this several times and suddenly was told, “Be quiet!” He made this statement, “God wanted the silence, not our jabbering that He’s Holy.”

He is Holy and that is the reason for the silence. He wanted our obedience and observing His Holiness with silence is much greater than us saying He is Holy, not to belittle saying He is Holy. Silence is the action He taught us to use concerning His Holiness and entering into Him. This reminds me of all the “elements” of the following Word we have been looking into:

4-1-09

Grapeland TX, Begin with silence before the LORD; don't be presumptuous, don't cause a commotion. (This has to do with meetings.) **Reverence through silence. I will speak to you what needs to be spoken, when it needs to be said.** This is for all. **I AM supreme. I AM in charge. It is MY meeting. Superstitious = your interpretations. Seek ME. It is the plain spoken truth. Reverence in MY sanctuary. Where is MY sanctuary? Where you meet with ME. You shall keep MY Sabbaths and reverence MY Sanctuary, I AM THE LORD, Leviticus 19:30. Holy, Holy, Holy, I AM THE LORD ALMIGHTY....**

Years ago God said, “I am looking for obedience, not accomplishment.” He is looking for “a unit” without flesh, without self, full of the acts of obedience towards Him. He is our Commander and Chief!

Becoming One, Intertwined With Him

I mentioned we would talk about the second dream so here is the record:

Thursday, September 24, 2009

2nd Scene, I was looking at a corner inside a house in which people had entered to have a meeting. There was a cloth bag with (I assume) ministry information in it, like our scribe sometimes carries. Someone had brought it and set it beside the brown paper bags that others had brought. (I don't think the cloth bag was our scribe's, I'm pretty sure it was different colors, but then it may have been.) I couldn't see what was in the paper bags, but they probably contained different items which people had brought. There was a railroad track about a foot, maybe a foot and a half wide, that ran around the outside of this room. The cloth bag was sitting directly on the outside rail and the paper bags and some other items people had brought were close to the track, not on it, but close enough to be hit by the train when it came. I knew the train had to make it over the tracks, making a full circle around the outside of the house or room, whichever it was, during the meeting. Simply put, the meeting was not over until the train had passed over all the track. In the scene I moved the colorful cloth bag, all the brown paper bags, and various other items back from around the tracks so the train could pass without hitting anything, without hindrance.

When I awoke from this scene there was something about the two tracks that hounded me. It seemed one was different than the other. The only thing I could think of was that the right could represent spiritual and therefore the left would represent the physical. That would not negate the meaning that the rails represent the Law, or God's Word; in a meeting they would represent the Lord's instructions. The *Spotless Bride (Train)* does run on the Lord's Words in a meeting, from the beginning to the end. This was pretty much my thinking on the dream until the following happened.

In a recent Kingdom Meeting on **10-23-2009**, as we were singing *ZION* the psalmist heard the shofar like it was in the distance. (This was reported after the meeting.) After *Zion* the psalmist whispered for the shofar to be played, explaining to the person playing it that they were to blow a single note blending into the music clear through the song. The psalmist then started playing *THE WIND OF YOUR BREATH* and soon the shofar began playing the single note. After playing a short while the psalmist quit playing the keyboard and as the shofar continued the psalmist begin playing again.

After the meeting in the Lord, the psalmist explained that she had done what the Lord had warned us about, not to get our eyes on miracles in a meeting, but to keep our eyes on Him, continuing down the path through the meeting. (The picture given here is a section of the picture in the article *Through the Fire - Commander in Chief* explaining what she was talking about. You can see the full picture in the article)

She said she was surprised the player of the shofar could play a note that long and became focused on the shofar playing so long and actually quit playing. She had become distracted as the picture shows and off the path.

We all knew we were learning and that we were going to have to be cognizant of everything the Lord had taught us about flowing with Him in a meeting. This was rehashed at the next ministry meeting on **10-26-2009**, to have the psalmist encourage me to write about this so people could understand.

I didn't know it, but there was more to this picture than missing an "element." The next morning the Lord brought up the dream of the train going around the room and that it did have to do with the meeting we are talking about. I knew the dream indicated that the Lord was going to use me to remove things of man that would hinder the flow of the meeting away from the tracks. If I was correct about one track being spiritual and one track being physical then the picture painted could be the melding together of the spiritual, the Lord's word (instructions), into the physical and vis versa, as the Bride/train moved forward. I knew vis versa would be important if what I was saying was true.

I looked at the meeting notes and realized it was right there in front of me. Here is the section of the meeting right after the shofar was blown:

The watchman thanked HIM for HIS call but actually said, 'YOUR call to worship.' She didn't intend to say it that way. She was thanking HIM about it; telling HIM the call is going to HIM. HE said, "Don't be concerned about a two-way thing, it is HOLY."

Knowing the shofar is sometimes used for a call, I looked at this knowing that in a marriage the two become one, that the Lord was revealing we had become one with Him for a time, that "it is Holy." This fits the picture of the Military Unit we are to be. Nothing but clothing (acts) done in silence, which is a must to enter into the Lord in a meeting. You cannot put unholiness into the Lord because He is pure Holiness. The acts of instant obedience in a flow are "faith alive" and Holy. I didn't know it but the Lord wasn't done yet!

When I went to the computer to write about this, I found myself staring at the computer. I was actually being rebellious concerning the picture of the right track being spiritual and the left being physical. I was arguing with the Lord, not realizing it. The argument was that there is nothing back in our corporate flow chart to back up the meaning this. That is when the Lord reminded me of a word He had given us some time ago. I searched back in the *Corporate Flow Chart* to find it and here it is:

1-23-2008

"Continue to walk on this higher plane. Soon I will be leading you into a deeper depth of ME. Soon you will be so intertwined you won't know where one begins & one ends...."

If you are melded (*intertwined*) together into one, you cannot tell where one begins and one ends. If this picture is true then the Lord and His invisible Bride made the call and that is why He said, "Don't be concerned about a two-way thing, it is HOLY." All I can say at this point is, "Yes Lord!"

From uncharted waters:

...I am calling you out to become one with Me. Did I not ordain it from the beginning? Have I not made it possible? Do not think this is not so! Did not the Father say in marriage that two become one?....

Looking at Elements Surrounding "The Call"

The Lord has made an announcement in a way we can know it was His personal call!

Not to distract from this highly important event, I share more about "self" and more insight into how self could become involved when we don't want it to. This is a bigger picture, and I hope the writing below brings more realization of the fact that the Married Bride is about conducting her part of the Lord's business on earth.

Uncharted waters

...I am calling you to be My hands and feet. I am calling you to bear My Name in the earth according to My plan, My ways, My pattern of doing things. My ways are not your ways. ...

The Event

9-18-09 Kingdom Government Meeting Rosh Hashanah

When we were singing the song: *WHEN WALKING WITH YOU*, on the word 'magnify,' I was signaled to blow the shofar.

After the meeting the watchman revealed that when the shofar sounded the words, "call to wed" were seen coming from it. In this we can see the involvement of three people to bring forth what the Lord wanted to do. This has to do with the corporate body being fitly joined together, working as a unit, with the Lord being the head.

The next morning the impact of what had happened was hitting me. I realized I was thankful I didn't know the purpose of blowing the shofar. Had I been told beforehand I would have been into "self" instantly, trying to figure out how to blow the horn. I hope you can see that.

Years ago I was given a shofar and the Lord has had me blow it at times. I was thinking I should learn all the protocols and different ways to blow it for different things. I was wrestling with this thinking, I didn't feel I had the time to do that and to practice. The Lord intervened and said, "**Just blow it!**" I have blown it a lot of different ways with the help of the Holy Spirit. All I can say is that if the Lord says to blow the shofar, the way to blow it correctly will be there if you are depending on Him and not leaning to your own understanding.

In this we can all be thankful that the Lord does not always tell us what He is doing before hand when we are in Him in a meeting. When He had us kneel for all mankind He gave the reason we were kneeling after the command to kneel. Two people had to be obedient in sequence before the words "**call to wed**" were seen by a third person revealing the Lord's purpose. In one meeting the Lord had us push back the antichrist, that He was trying to come to soon. I could give a few more instances, but the important thing to see here is the picture of the Bride working with the Lord concerning kingdom things, without "self".

It all goes back to understanding the elements, the protocol, the boundaries, and instant obedience the Lord wants in His unit without self.
