

God said, "Because they were Precious in My Sight!"

God told me to be a witness and to be open and honest before all men. I have tried to do that but I hope you understand that I sometimes struggle. This article is no different. When God talks about the harlot and her ways He says:

Proverbs 7:21-27

21 With her much fair speech she caused him (man on the street) to yield, with the flattering of her lips she forced him. 22 He goeth after her straightway, as an ox goeth to the slaughter, or as a fool to the correction of the stocks; 23 Till a dart strike through his liver; as a bird hasteth to the snare, and knoweth not that it is for his life. 24 Harken unto me now therefore, O ye children, and attend to the words of my mouth. 25 Let not thine heart decline to her ways, go not astray in her paths. 26 For she hath cast down many wounded: yea, many strong men have been slain by her.

The new King James says, **23 . . . "He did not know it would cost his life."** In verse 25 God says not to decline to her (the harlot's) ways and **don't go astray in her paths**. These **"wrong paths** (of the harlot)" and **"wrong patterns** (spots on the body of Christ)" are two pictures of the same problems with the same results. When God showed me the three big spots on the body of Christ it was revealed they were **"life threatening."** The other smaller spots on the body of Christ were not "life threatening." As the above scripture says, if a person continues in the harlot (spotted) church, partaking of her ways or patterns of doing things, **it will cost this person their life!** This is what God is revealing through these scriptures and that **same message** is now staring at us (**very much "alive" so to speak**) out of the corporate flow chart we have been keeping in this ministry.

Years ago I had a scene .in the night where I was hiding behind a large rock, dressed in a suit I preached in at the time. The rock was about four or five feet tall and I was squatted down behind it, hiding from the enemy who were strung out all along the ridge above me as far as the eye could see. They were many in number in the fact that there was row after row behind the ones I saw on the front row, across the ridge above me. They were Satan's army, equipped with all manors of armor, medieval cross bows, spears, and the such. The army was looking out across the earth as if to see whom they might destroy, and believe me they were out to do it. They were doing what God revealed Satan was doing in the book of Job, seeking whom he could destroy!

Job 1:7-10

And the Lord said unto Satan, Whence comest thou? Then Satan answered the Lord, and said, From going to and fro in the earth, and from walking up and down in it. And the Lord said unto Satan, Hast thou considered my servant Job, that there is none like him in the earth, a perfect and an upright man, one that feareth God, and escheweth evil? Then Satan answered the Lord, and said, Doth Job fear God for nought? Hast not thou made an hedge about him, and about his house, and about all that he hath on every side? thou hast blessed the work of his hands, and his substance is increased in the land.

As I was peeking around from behind the rock, I saw a soldier dressed in white linen openly walking toward me across in front of Satan's army. These evil ones saw him and never raised any weapon against him. It was as if they knew better. I was amazed at this and noticed this soldier had no weapons. What a deal! He came to me behind the rock and said, "Stand up and come with me." I was reluctant but I finally did get up to go with him and that was the end of the scene.

Because of this scene I became convinced that there is a place that we can come to, as soldiers of Christ, that the enemy will not or cannot come against us. This was many years ago and now I understand that the rock I was hiding behind symbolized Jesus. Christians are hiding behind Jesus but God wants us to understand we are to become like Jesus, by walking in what He walked in. Jesus was never attacked by the devil, or his helpers, with sickness and disease. All the devil could do was tempt Jesus and come at him through men. The soldier was dressed in fine linen which represents acts of righteousness and he most certainly had a supernatural hedge around him. You see from reading the

scripture concerning Job that Satan knew about Job but he could do nothing until God lifted the hedge around him so we could see the results of God having done this.

Years ago when the Holy Spirit gave me this scene about the soldier dressed in fine linen, He also gave me many scenes of the soldiers of Christ. In all the scenes they were dragging back from battle in a line, single file, beaten, injured, and just simply worn out. Their uniforms were torn in shreds and they reminded me of what I picture the son's of Sceva to have looked like.

Acts 19:14 And there were seven sons of one Sceva, a Jew, and chief of the priests, which did so. 15 And the evil spirit answered and said, Jesus I know, and Paul I know; but who are ye? 16 And the man in whom the evil spirit was leaped on them, and overcame them, and prevailed against them, so that they fled out of that house naked and wounded.

Referring back to the soldier dressed in linen, it is very plain to me that the enemy **knew who he was!** We must also look at the fact that the spirit who attacked the son's of Sceva knew who Paul was. One of the first things the Lord told me about Paul was that he gave alms to the poor and therefore I know Paul worked righteousness all the time. We should also remember that in the record of Paul's life, Paul just shook off the snake that bit him and went on. He didn't break into warfare or prayer for himself. He was supernaturally protected from the poison by God. Health rose up in him!

When God first dealt with me concerning the end time ministry He had called into being here, He told me He wanted to build something the enemy couldn't tear down. At the time I had no idea what He was talking about but I figured it had to do with relationships among the people He was bringing together. Some years later I thought we were ready to go into the world with what God had taught us. I was actually asking God to open the doors. It was then that the Lord told me we weren't ready; that if we went the enemy would destroy us. I still didn't understand, after all we had the power of the name of Jesus. (I was still hiding behind that rock!) But by bringing these two things together that God spoke to me and knowing about the soldier dressed in linen, I was starting to see a picture. I knew there was a place we needed to come to but I had no idea how to get there. It was years later that God started teaching me about protections and I have shared some of that in the tithing section of this site.

God has made this thing about protection very big in my eyes and is continuing to build that picture so we understand it. We must realize that the men in the Bible who really obeyed the Lord and followed His statutes and commandments did not die of diseases or get killed in some freaky way.

Scripture says in Deuteronomy that if those things are happening in our lives we are under a curse. As I have given testimony on this site, God showed me that we, as the church in the world, are so far under the signs of a curse that **she/we can't even see the signs of being there.**

We must get a true picture here of what is really going on. The Christian couple who made Christian news, who got killed this year in the plane off the west coast should still be here! A man by the name of Cowboy Keith was into some real warfare for the Lord on a large scale and he was very strangely hurt by a horse, as testified of by those who saw it take place. This strange accident should not have happened either.

When God was giving me the scenes in the night revealing His protections that I wrote about in the tithing section, He also gave me this scene (June 11, 1999). *I was going west down a highway and to the south was a house on the side of a hill or mountain. I saw into the house and the people in it (wife, kids and relatives) were mourning, wailing, crying profusely, etc. They were mourning the death of the head of the family. He had been killed in a semi wreck. I then saw the semi and it was crushed like a small car would be. It was so hideously crushed, and I knew it was a demonic crash, or at least that is what the Holy Spirit wanted me to see. In the scene I felt so sorry for the family but it was too late.*

God wants to protect His people in death situations but we have not had a concept that God can and will do this. We are talking about everyday protections and not just protection from being on a particular mission for God, at His direction. When people die, for some reason we have had a tendency to say the Lord wanted to take them home or He needed them in heaven. **That is a lie from the devil. The Lord needs no wreck or disease to take anyone home and He does not need them in heaven!** Jesus

had to go to prepare a place in heaven because man was originally intended for earth alone.

I have not done too many funerals, but **every funeral I have had a part in, the Lord has shown me it was not time for the person to go home, save one.**

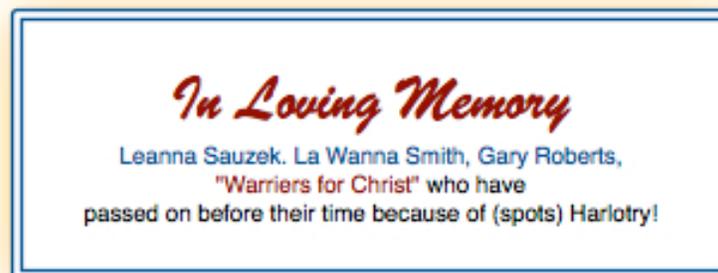

Now, let me share something that will give you insight into what the Lord really has to say about this subject. I was given two scenes in the night. I will give you the first scene, explain it and the circumstances around it, and then give the second scene so you get the picture from the Lord.

Dec. 7, 2000 *.I was looking at myself standing at the corner of a huge plaque that was outside. It was sloped a little, as if to be on a headstone in a cemetery. I had a pointed mortar trowel and was cleaning the trimmings away from the edge of the mortar. I had just finished the last plaque in the row of plaques that were memorials to people. I had been talking (in an explanatory fashion) to people watching me but right at the very end of this scene I made light of what I had done and just walked off.*

The picture presented above says I was working on a memorial, finished it, but then made light of what I had said and done by walking away (which is an act). What was God dealing with me about with the above scene? It was something I wrote in the original draft of the last article I put on the web called **"Convicted in Heart."** I had taken the following section out (which is the act in the above scene) where I was explaining what the Lord has been showing us in the flow chart. Here is the section I took out:

Also, through the flow chart God has given us enlightenment on what He has already taught us. I had always wondered how God would demonstrate His protections, if we would follow after the "things of the Spirit" and see to it His tithe was delivered correctly. In other words, get rid of the spots of harlotrous practices as revealed by the Holy Spirit. With humbleness of heart I can tell you (using the flow chart and the physical) God has demonstrated to us that He will protect us from the enemy, as promised in His covenants. **What disease did He use? Cancer!** I am in awe that He was able to demonstrate this so clearly. It is undeniable and **"is staring us in the face"** through the flow chart. I understand much more clearly why He told me He is a God of covenants.

Christians are dying of cancer, etc. and God has demonstrated clearly this should not be. God revealed that my mother passed on before her time because of harlotry in the church. I have thought about starting a memorial for Christians who have succumbed to the enemy because of harlotry being an open door.

But maybe this would be too vindictive.

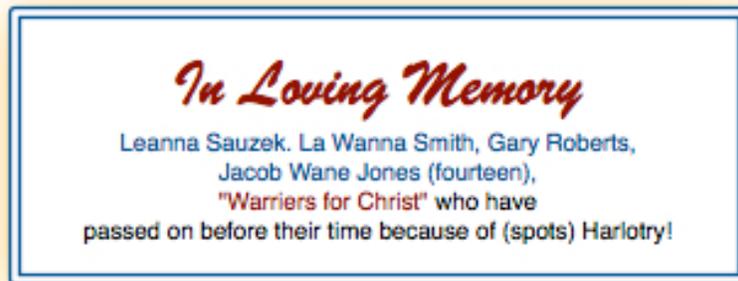

I don't have all the answers to all the fine lines of all God has taught this ministry but God is defining them as we step out in faith. So I encourage you to get it right. It is not really that hard but the enemy would tell you, "Oh, its OK; it won't matter!"

It is easy to see that the Lord's depiction of me making light of what I was explaining about the memorials to people had to do with me just taking the above section out of that writing. In reality I did make light of the writing by taking it out. So now we can go to the second scene where the Lord said something to me. Again we are talking about memorials and as far as I'm concerned God is saying to us that **I was not being too vindictive when I say they died of harlotry in the church!** God, Himself, says her ways lead to death. The second scene:

Scene, *.I was looking at three commemorative gold coins that were in memory of three people. They seemed to be in a picture frame of wood that allowed for expansion (not sure of this though). I saw a*

smaller gold coin being added to the three that were already there. The smaller one was placed at the top of the three, as if to bring attention to it at the time. I knew it would eventually be put down with the others. As I emerged from the scene I asked the Lord why were the memorials now on gold coins? He replied, "**Because they were precious in My sight!**"

We know the three regular sized coins had to do with the three names in the original memorial but why the smaller coin that God wanted to bring attention to? The smaller coin was for a young man who had passed on between the time of my writing the part I took out and the scene in the night about the commemorative coins. His name was **Jacob Wayne Jones** (14 years of age), a relative of some people in this ministry. He had been wheelchair bound with muscular dystrophy. He died of complications caused by it. God has now revealed he also died because of harlotrous practices in the church. I have added His name to the original memorial list.

The picture God wants us to get here is that His people are not needed in heaven, that the enemy is taking them out. I close this article with:

The Lord said, "Because they were precious in My sight!"

On **December 8, 2010**, the Lord showed me that I was to do a memorial for Eva Jones. I knew He was talking about adding her to this one on the site.

Eva (55) died of cancer. She was person B in the tithing book/section. She tithed correctly off and on, to finally give in to not tithing correctly. The Lord used her in the earth because she had come to understand the *Mechanics of Salvation*.

The Lord showed me He wanted the message concerning her "passing on" to be that **He could no longer use Eva in the earth**, that the enemy had taken her, but she was fine in heaven. For more understanding watch this section (latter part) of the protection movie. [God's side of the altar.](#)

Eva took tithing correctly lightly; she never got a hold of its importance.
