

The Lord said, “Staffs of Silence!”

Daniel 12: 9 & 10 ILB

He said, Go, Daniel! For the words are closed up and sealed until the end-time (not in the Bible, to be revealed). Many shall be **purified** and **made white** and **tested** (*the spotless Bride*). But the wicked shall do wrong. And not one of the wicked shall understand; but the wise shall understand.

A Miracle

Staffs of Silence

To begin with I share what the Lord said in my *Golden Meeting* on **4-7-2014**:

HP- **no filtering / offer up silence**

HH- **come unto Me / (I come to you Lord) / Besmirch not / reveal the hidden things / My truth prevails / hinder not the progress of My Kingdom / new understanding must be revealed / Staffs of silence important / yes, Staffs / placed where I deem fit / My plan unfolding / think on this / My hand is moving / expect the unexpected / rally My troops /**

Besmirch: V. Damage the reputation of (someone or something) in the opinion of others.

Staff: N. A rod or scepter held as a sign of office or authority.

I was taken back a little when the Lord said, “**Staffs of silence**” That is why He said, “**yes, Staffs.**” I understood the importance of silence and I understood what the Lord had revealed about His staff. This was a new enlarged picture!

On **4-12-2014** in another *Golden Meeting* the Lord gave me some instruction:

“Staffs of silence / you understand / write it out / picture it / make it plain / My Way”

The Lord had already shown me “**Staffs of Silence**” established across the earth, so I did understand. (They were much more numerous than pictured.)

In the following I will try to make things plain as the Lord said, illuminating what is already presented in the “*Golden Meetings*” Booklet and the *I Saw the Holy of Holies* Booklet.

Staffs

The Lord brought up the word "Staff" on **10-26-2011**. We were doing warfare and I believe that this establishment ordained by the Lord and spoken by the Watchman was the start of the Lord revealing "His Staff." The Watchman saw and spoke, "**we establish that staff,**" "We declare war. You lose (Satan), you will not shut down this effort." (Keep in mind that the staff has to do with war.)

A General picture:

The Lord began calling us His "Staff" quite often. I for one thought it neat that He was doing this, but had no idea where He was taking us. This was not hard to understand because this group had come to be doing what a "Staff" would be doing for anyone in a leadership position, like the head of a corporation. We served the Lord as His "staff" in doing *Judgement Meetings* and anything else He revealed we were to do. We continued learning about being His "Staff." We would call meetings when He said to and so on. He was running this ministry and giving us more understanding of our position in the earth! The Lord was making the position, we were just obeying.

Another thing the Lord had been doing was to bring some people together on the internet from different parts of the USA who were doing individual *Golden Meetings* and had rid themselves of the three spots. These people were meeting on corporate phone calls once a week to discuss the "things of the Spirit" everyone was receiving. The "Hill site" was created.

I found in our records that on **1-13-2013** the Lord had revealed I was to ask the group that was meeting together and recording their "things of the Spirit" on "*the Hill*" site if they wanted to be on "*the Lord's Staff?*" The Lord revealed we were to have everyone sign their names to the question on the site, that it was a legal issue. The Lord said it was a serious thing. We made sure everyone understood that they were then obligated to the Lord with their promise - not us.

The next main event was the *Conclave* the Lord instructed us to have and written about in the *Portrayals That God's People Need To Understand* article.

http://www.takehisheart.com/portrayal_manchild_bride.htm

I wrote about the Portrayal portrayed in the meeting, but here I need to reveal some more about what the Lord did and revealed. For years the Lord has told us we were a prototype, but He always revealed there were positions not filled. During the time of the *Conclave* the Lord revealed the prototype was complete. I knew it was complete as far as numbers go. During those nine days of having *Golden Meetings* twice a day (for the most part) a comradeship was developed among this larger group of people.

The Lord had said there would be fifteen people picked by Him in the meeting. We had fifteen exactly, but we learned that husband and wife could be counted as one. We came to understand that we could have had more people than fifteen, that the Lord considered man and wife as one. The Lord's Word reveals that man and woman become one when married and man cannot change this. It is a legal issue in the spirit realm. The number fifteen is significant as God does nothing without a purpose.

The next major change came when the Lord revealed He wanted this larger group (His Staff") to have all our meetings on the internet. We have been doing *Corporate Golden Meetings* and *Judgement* meetings online since then (**1-8-2014**).

"When the Watchman saw, "**we establish that staff,**" "We declare war," was the Lord talking about a "staff" like Moses had or something else? God performed miracles through Mose's staff and in this article I will give witness of God performing a miracle through His first *Staff of Silence*. As you can see from the picture at the beginning of this article the Lord wants these "*Staffs of Silence*" to multiply in the earth. So listen carefully, He has the plan!

Silence

The Lord said to make things clear, so here I present important information and some illumination concerning silence before we get into the miracle the Lord performed. If you have read the *Golden*

Meetings, I Saw the Holy of Holies Booklet you know the Lord said that He is in the silence. That silence is necessary because He is Holy! **That He works in the silence!** The Lord revealed that a person has to practice silence, *Golden Meetings* according to the boundaries that He set.

One of the things the Lord has said over and over and over is. "I do much in your silence!" When the Lord showed me about imploding into Him through silence and obedience He gave me this picture, pictured in the *Golden Meetings* book. The Lord referred to this as Fusion.

The white in the center was Jesus moving like lightening from one end to the other in the people's silence on the narrow path depicted in red. The narrow path depicts Jesus' commands! There are twelve people in the scene.

The Lord told us, "More people, more power!" Notice how much Jesus can move or do in the line of twelve people. One time my wife and I were having a *Golden Meeting* together and I saw two people in the fusion. I knew Jesus was dealing with me about how much He could do even with two people. Now think of how much more He could do with a hundred people in silence and us obeying. The more people the better!

One time the Lord revealed to me that He had done a work on the other side of the earth in our corporate *Golden Silent Meeting*. Do you want Jesus to move in the earth as He sees fit? Do you want Jesus to be able to rule in your country? I hope so! If so, establish silence legally so He can work in the earth as He sees fit. Here is one example of a miracle produced through this first *Staff of Silence*:

A Miracle

The Lord told us to lift up people who were near death! He soon revealed a person, a nine year old girl in Africa. Here are the events leading up to the miracle:

An evangelist wrote me on **March 26, 2014**, telling us of a girl who had developed a heart problem with clogged veins. In the evangelist's words:

"It's getting to be proved that some veins are blocked and the only vein functioning is bound to stop pumping the blood and if this comes to pass, then this will mark the end of this girl (9 years)."

I will share more of the girl's circumstances later. We didn't learn of them until after the *Staff of Silence* meeting. It's best not to know. Remember the Lord said, "picture it / make it plain," so we will take some time in this section to include some insights.

When we got the information about the girl needing prayer I immediately sent the information to the larger group, the *Lord's Staff* who holds *Golden Meetings* with us on the internet.

My wife and I prayed for her and later I began thinking about her and I said something about doing her "back debt." Another person who is in the group had contacted me about this same possibility. We knew it important, so my wife and I decided to ask the Lord for Beti's back debt and pay it for her, using the instructions the Lord had taught us years ago.

Then a member of the group on the internet contacted me and was suggesting we get the group at large together to pray for the girl. Another member and I talked about praying for her and he said to

me, "Yes, I prayed for her the old fashion way." He too brought up that we ought to lift her up the new way the Lord has taught us; a silent meeting with the corporate group.

We began contacting the members at large on the internet and we accomplished having a meeting on the internet, although not everyone could attend. Once we were all in the meeting on the Internet I started the meeting by lifting up the girl (by name) to the Lord. We washed at the Lord's Laver in His blood, all in silence. We then waited on the Lord. After a long period of silence I asked for reports on what people had received. It was all typed into our computer screen so everyone could see the instructions or picture presented by the Lord.

Here are our meeting Notes: (not everyone involved received instruction)

Washed in the Laver.

LC - She has something seared into her that needs to be removed (like a cattle brand).

MVA - *captive, set free*

KE - Saw a huge fist from an arm swinging down at the girl's head. Her head was being flattened with the huge fist. *"Mind captive"*

BN - *Don't let the fruit spoil / Bring her to Me*

CT - *law of increase at work / healing.* We declare it to be so, in JESUS' Name.

SN - *Wipe the slate clean, Tell her it's a new day* and I heard the song *"Lord Infill Us With Your Holy Spirit."*

DP - He was lying on his face during all our prayer time - *begin the deliverance*

After receiving the above information I read down the list, one by one, with all the people attending. One by one we performed what the Lord had revealed; everyone in the meeting speaking and doing what was suggested by the Lord on each bit of information received. The following is a small overview, but you can see the picture.

LC - *She has something seared into her that needs to be removed (like a cattle brand).*

We spoke that whatever this was that was seared into her had to come out! We went on to the next item:

MVA - *captive, set free*

We declared that she was set free. (This took a little time as "each item on the list" took time - no hurry here, letting the Lord speak and reveal as He wanted to.)

KE - Saw a huge fist from an arm swinging down at the girl's head. Her head was being flattened with the huge fist. *"Mind captive"*

We declared her mind set free, with other words given.

BN - *Don't let the fruit spoil / Bring her to Me*

We took her to the Lord, speaking against the fruit spoiling. More things were said here among the group as they were inspired.

CT - *law of increase at work / healing.* We declare it to be so, in JESUS' Name.

We declared (in JESUS' Name) the law of increase was at work and that healing was taking place.

SN - *Wipe the slate clean, Tell her it's a new day* and I heard the song *"Lord Infill Us With Your Holy Spirit."*

We declared her slate clean and we also declared it is a new day for her. We then sang the song inserting Beti's name into it (where appropriate).

DP - He was lying on his face during all our prayer time - *begin the deliverance*

Another thing BN was told by the Lord was to mark the time. It was **7:28 PM CST on March 28th** The Lord has told us several times to mark the time when we do these type meetings.

We didn't begin the deliverance until we had read the last instruction and discussed the information. See how it all flowed together? Nothing was said from ourselves other than what the Lord instructed us to do and say. I will tell you that after the meeting the Lord let it be known He was pleased with what we had done in having the meeting for Beti.

There is a picture here I want to bring in. 1. We had very good silence when we opened the meeting by washing at the Lord's Laver. We were silent for a while. 2. We all heard the Lord's instruction. 3. We performed the Lord's instruction, not adding anything or leaving anything out. 4. The Lord did His part and He could because of the main elements silence, instruction and obedience, nothing more.

Now look at the Battle of Jericho. 1. The Army of Israel was silent for 7 days at the Lord's instruction. 2. They received instruction for the 7th day. 3. They performed the instruction exactly. 4. The Lord brought the walls down! The elements needed: Silence, instruction from the Lord, obedience in acting things out, not adding or subtracting from what the Lord revealed. (The Lord brought the walls down. - All the elements were needed as far as Israel's army was concerned)

The resulting miracle:

The evangelist wrote me revealing more information concerning the girl. I knew this girl was probably asleep when we had the meeting. It was the next morning that the group who had been going to her house praying for her every day was again walking towards her house to pray for her. Read his words; I had asked about her age to be sure of it:

"She is 9 years correct. She was bed ridden for many months, and before we conducted serious prayers, she could not run/eat well and sleep well at all. But to our amazement, the last day when we went to pray again, its this very unconscious girl whom God had showed mercy of healing that run to welcome us from a distance. To us this is truly amazing and for sure God can heal. This is the very girl who was tested and all Veins of her heart were blocked a part from only one which was still functioning and the Doctors had warned that the moment this only vein pumping blood also gets blocked, this would be the last time for her to leave. So the doctors had also said that any time this girl's life was in danger to die. SHE IS GETTING BETTER AND BETTER NOW...."

The evangelist wrote again with more information about the girl:

More information back ground of the young girl. *"The clan of this young girl is characterized by old witch men who happen to be the grand parents of this girl and from the latest information we have been told is that this girl had be sacrificed to the demons by the grand parents and this might have been the genesis of her problems and complications,,,But thanks be to GOD THAT HER MOM had come to be part of our group and she is the one who made our group a ware of the situation of the girl,,,"*

Going back to the sequence of our Staff of silence meeting for this girl, I led the people down through the information given by the Lord. In a later meeting I had each person speak and do what the Lord had given each of them. Each person acted out their own information going down the list one by one. Everyone joined in to what each person presented. Everyone was involved and this is important to understand. It was certainly correct to do it that way in that particular meeting.

In another meeting we had silence and received instruction. In that instruction the Lord said **"extended silence."** **"Start over"** was given with an act we were to do. We were told to shout **hallelujahs**. So we started over by washing at the laver again and went into silence with the idea the Lord would reveal when it was long enough. When the Lord revealed it was enough we did the action and shouted hallelujahs as we were doing the action. This was the same general pattern the Lord used at the *Battle of Jericho*. I have shared these things to give some insights into variations that can occur. It takes practice as the Lord revealed and it is a continual learning process.

Protocol. I AM a God of order. I establish My church and the positions within. I place whom I desire in each position. It is up to you to walk out your duties, I appointed them. You must listen first and act after. Do not get ahead of Me. There is purpose in all that I do. I have purpose for each of you. Keep

self in check, self wants to make the decisions. Self wants what self wants in self's time. It is My plan and My timing, not yours. Discipline, Discipline is required to be on **My Staff**. Think on these things
